

Bulletin Items for the Week of November 13

From the counselors office:

We have a Holiday job posting up here must be 17 years of age.

Project Grad Information:

Join us for our next Project Grad Planning Meeting
Wed Nov 15 6:30 pm in Room D115 near the big Gym

It is a year-round effort to transform an area of the high school into a magical night of memory-making fun that includes entertainers, music, food, prizes etc. We are gearing up to get the contract and info on line for sign ups to begin in January.

Volunteers join together to invent, create, organize and have fun too. We have projects large and small, funds to raise and more brainstorming to do.

Maybe you'd just like to learn what happens at Project Grad. Join us at our meeting, check out our website by clicking the graduation info button on the WHS main page or go to windsorhighprojectgrad.org

Jennifer's Corner:

Seniors, is a Career in Construction Right for You? Than start building your career right out of high school by joining the NORTH BAY CONSTRUCTION CORPS. Applications are due Nov. 17, 2017. Interviews are Dec. 2 and the Construction Corps Program begins Jan. 29, 2018. See Ms. Taddei in the College and Career Center or check out [www:ctesonomacounty.org](http://www.ctesonomacounty.org)

The University of Oregon rep will be visiting WHS on **Monday November 13 at 11:00** am in the counseling office. Register on Naviance or with Ms Taddei in the College and Career Center.

December 8 is the deadline for seniors with a 2.0 GPA or higher to apply for a \$1000 Doyle Scholarship to attend the SRJC next fall.

If you've been effected by the Sonoma County wildfires and were planning to take the **December SAT**, please note that the December SAT registration fee and late registration fee has been waived. Once students are registered for the December SAT, they can receive a refund by calling Customer Service at [866-756-7346](tel:866-756-7346) by November 21.

Sports:

Boys Golf Meeting: Wednesday, Nov 15 at 4pm at the Windsor Golf Course's driving range.
