

Phoenix Academy

Core Classes:

- English
- Integrated Science
- Global Studies/World History

Core Description:

This is a 9/10 Core for students/families, looking to develop a growth mindset through:

- Finding personal relevance
- Building confidence
- Growing from setbacks
- Seeking challenges
- Using effort, ownership and practice as tools for growth

Parent Component:

- Come to Exhibition Nights
- Be a Panel member for the Evening Exhibitions
- Frequent Student-Check in on Jupiter Grades - All of us use the same gradebook

Student Profile:

Our core supports students seeking to change their mindset about academics and themselves. Phoenix is designed to guide students into positive academic experiences by teaching: grit, growth mindset and instilling confidence. These tools will enable them be successful our 11/12 focus areas and prepare them for the next stages of their lives.

Curriculum:

The focus is Project Based learning, where students explore topics that have relevance to them and their communities and our world. Project Based learning empowers students to develop life skills: communication, teamwork, leadership, organization, meaningful problem solving and connecting with their communities.

College and Vocational Preparation:

Courses are A-G approved by the College Board, this will prepare our students to graduate from high school and be eligible for both State and UC campuses. We embrace CTE, Career Technical Education, through group projects, computer skills and career exploration.

Community Involvement:

In most of our PBL units, students will create an end product that may benefit the community: information brochures, creating solutions for campus and community challenges and educating their peers.
